# Context Statement

Aldinga Payinthe College caters for students from Preschool -9 in 2023. At the time of this report, the enrolment in 2023 is 656. Aldinga Payinthe College is classified as Category 5 on the Department for Education Index of Educational Disadvantage. At the time of this report, the school population includes 10% Aboriginal students, 10% students with disabilities, 1% students with English as an additional language or dialect (EALD) funded background, 2% children/young people in care. Further information about the school is available on the school's website (including its context statement), as well as the My School website.

Information about Aldinga Payinthe College Preschool is available on the centres website, as well as the Australian Children's Education and Care Quality Authority (ACECQA) website.

## Governing Council Report

My name is Michael Collins and I am proud to have been Chairperson of Aldinga Payinthe College for the past 2 and a half years.

### Governing Council – Overview of Process

GC processes and how we work has been changed and refined over the two years of the school foundation. A focus of this is that GC Members have the opportunity to submit topics for discussion. An Executive group (consisting of Principal, Secretary, Treasurer, Chair & Deputy Chair meet prior to each GC Meeting to formulate the Agenda and consider topics submitted by GC Members for inclusion on the Agenda with the agenda and reports circulated prior to each meeting with the expectation that GC members have read the reports and come prepared to each GC Meeting.

In order to ensure the smooth and efficient running of the meetings GC Members have the opportunity at the start of each meeting to request items for discussion that they would like to ask questions on. If Items are not flagged for questions then it is assumed that the report is taken as read and voted on without debate. This ensures that meetings are run smoothly and effectively and can be concluded by the allotted time – however it doesn't mean that we don't have some really good and lively discussions where needed and with some excellent input from the staff and learner representatives on the Council to provide us with the expert advice and views.

### Governing Council Topics discussed during the Course of 2023

Whilst I can't go through all of the items that the GC has considered over the course of the past year, some of these topics have included:

- The Nature Play Space – why is it like it is? How can it be improved to provide an even better experience for learners. This has now grown to facilitate greater utilisation
- School camps – why had these not been happening? What needed to happen in order for the school to facilitate these? An understanding of the start up nature of the college and the interest in having camps as they became viable was unpacked. To date 2 camps have been held from the college.
- Discussions in relation to community traffic congestion around the school and how the college can work with Onkaparinga Council to increase traffic flow and safe parking spaces for families.
- Construction and implementation of the college mobile phone Policy.
- Introduction of grouped Materials and Services charges to ensure learners in Year 9&10 got access to any elective and was not based on subject levies.
- The potential for parent sub-committees to be formed – foundations laid for the first committee based on inclusion.

### Key Events and Activities through 2023

During the Course of 2023 the college has hosted and facilitated a number of activities, events, and key milestones these have included:

- The second year of Active 8 – which was re-structured to take into account feedback received from the college community after the first year, and now includes 'house teams' and a start and end of day whole college event.
- The college was an official Fringe Venue in 2023
- It played host to (my favourite politician) Foreign Minister Penny Wong facilitating the Voice to Parliament session at the college which attracted over 280 community members through its community usage agreement and priority.
- The first college camp with years 5/6 learners; and
- First mid-year intake of Preschool learners.

### Conclusion & Thanks

- The college is continuing to grow with the intake of two additional year levels since foundation – and increase in educator numbers and leaders to facilitate this.

- The culture is being firmly rooted through the values that are instilled in the college community - including 'tread lightly'. This progressive and inclusive culture is a tribute to the work, ethos and leadership of Ali as Principal, and the other leaders, educators and learners that make up the college community.
- I find it striking that whenever I mention Aldinga Payinthe College to anyone in and around Adelaide that most people know about this college, they know what fantastic facilities it has, and what a great learning environment it fosters.
- I would like to thank the 2023 GC for their work and commitment, giving up their time to read Agenda papers and attend meetings.
- I particularly want to thank the learner representatives and single out Sahara again who has I believe a 100% attendance record at the GC Meetings and regularly contributes to the discussion topics with well-articulated constructive contributions.
- I would also like to acknowledge those 2023 GC Member who are either continuing their term into 2024, 2023 GC members who have nominated to continue on the GC, and the new members who have nominated for the 2024 GC – I look forward to working with you.

## Performance Summary

### NAPLAN Proficiency

In 2023, the Australian Curriculum, Assessment and Reporting Authority (ACARA) - a Commonwealth Independent statutory authority - announced changes to NAPLAN performance reporting. This new way of reporting by ACARA that NAPLAN results from 2023 will not be comparable to previous years. The new approach replaces the previous numerical NAPLAN bands and the national minimum standard.

## Attendance Comment

In South Australia, preschool attendance is not compulsory, but it is strongly encouraged. Preschool gives children the best opportunity to develop skills, which prepare them for school. These benefits include establishing positive routines and habits, friendships and connections as well as developing communication, problem-solving and creative skills. All children are entitled to access a preschool program over 4 terms the year before they start school.

In South Australia, all children and young people must be in school from 6 years to 16 years old. They must attend a government or non-government school full time. From age 16 to 17 however, young people must attend school or an approved learning program (such as an apprenticeship, traineeship, accredited course or university). Schools and parents must encourage and support students to come to school every day. Parents and caregivers must make sure their child is enrolled in a school, and attends school all day and everyday it is open, unless a child is sick or has an approved exemption. Teachers and leaders actively follow up when a student misses school, including recording all absences and non-attendance. All schools in South Australia have local attendance procedures governed under the Education and Children's Services Regulations 2020.
